REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The Applicant's telecommunication device comprises a jack module, a jack mount, a plurality of jacks adapted to be mounted to the jack mount, a cross connect array including termination structure located at the front side of the jack module, an IN/OUT array including termination structure located at the front side of the jack module, a circuit board, including a first portion located behind the jack mount, a second portion located behind the cross connect array and a third portion located behind the IN/OUT array, the second portion of the circuit board being electrically connected to the termination structure of the cross connect array and the third portion of the circuit board being electrically connected to the termination structure of the IN/OUT array. As argued by the Attorney, the reference of Henneberger et al. (US 6,116,961) does not disclose cross connect array and IN/OUT array being located at the front of the module. For these reasons, the case is being allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to T. C. Patel whose telephone number is (703) 308-1736. The examiner can normally be reached on 6:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lynn Feild can be reached on (703) 308-2710. The fax phone numbers for the

Art Unit: 2839

organization where this application or proceeding is assigned are (703) 308-7722 for regular communications and (703) 308-7722 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-1736.
